SECTION 2

Business Overview

Salmon Arm offers unlimited potential for successful new businesses establishment, whether in the manufacturing or the service sectors. The emergence and growth of many technology-based companies support Salmon Arm's traditional economic base comprised of forestry, agriculture and dairy farming, tourism and retail. As illustrated in the following graph, it is evident that the Shuswap Region hosts a well-balanced and diversified mix of employment and skills.

Employers

Top Shuswap employers include School District #83, the Interior Health Authority, and the manufacturer Federated Co-op, as outlined in the table below.

The following table demonstrates that Shuswap employment is spread across a large variety of industries and employers, leading to a stable level of employment and prosperity. Further, the far right column summarizes the change in employee numbers over a two-year period (July 2007-June 2009). The current economy is seeing effects in the labour market.
